

11 REFERENCES

Papers and Articles

“The origin of Cosmic Rays”

Europhysics News (2001) Vol. 32 No. 6

“Ultrahigh-energy Cosmic Rays. Where do they come from?”

Sky and Telescope, March 2003, pages 32-40

G.Aguillon et al “Thin scintillating tiles with high light yield for the OPAL endcaps”

Nuclear Instruments and Methods in Physics Research A 417 (1998) 266-277,

Elsevier Science (1998)

S.Kabuki et al “Development of an atmospheric Cherenkov imaging camera for the

CANGAROO-III experiment” ICRR Report 493-2002-11 (18th September 2002)

R. Enomoto et al “Acceleration of cosmic ray protons in the supernova remnant RX

J1713.7-3946” Nature vol.416 p823-826 (April 2002)

R.J. Mountain et al “The CLEO-III Ring Imaging Cherenkov Detector” HEPSY 99-2

(February 1999)
