Description (revised)

Gilbert Erector Set, Rocket Launcher, c. 59

This 1959 Gilbert Erector Set is the Rocket Launcher Set, #10053. It is in excellent condition. The set looks to be complete and includes girders, different size base plates, different size gears, wheels, axles and crank, motor (A49), and complete instruction book all in original metal box. The set still includes the Styrofoam packaging insert (2 piece) that holds all pieces in place. The set is in excellent condition with no rust or bent pieces. The motor operates properly. The box measures 10 inches x 16 inches x 3 inches high. There is no rust to the box. I have taken several pictures to show the details and what is all included.

Payment: Money Orders and Cashiers Checks are shipped immediately. I also accept BidPay. I do Not accept Paypal. Personal Checks are shipped after Check has cleared (~ 10 days).

Shipping: $10.00 for Shipping and Handling Charges anywhere in the Continental US. Alaska, Hawaii, and International Orders shipped based on location.
