QUOTATION E5576-1

Dear Erdem,

Thank you for your recent enquiry. The AWS Cemgraft team has now completed a thorough examination of your requirements and we can now provide you with this quotation for the supply of your PC3461M PCB Assembly BOM Issue Quote V1.

When reviewing our prices, please remember that we guarantee to manufacture to your exact specifications, All work is carried out in accordance with our ISO9001:2008 and ANSI/IPC-A-610 procedures. Our quotation excludes VAT and carriage, which will be charged at the prevailing rate. AWS Cemgraft would therefore be pleased to supply as follows:

Batch Quantity	8 off
PCB Costs	£128.15
Material Costs	£44.13
Assembly Costs	£47.00
Total Unit Cost	£216.28

Any information given by us relating to RoHS Compliance is in "good faith" based on the information received from the manufacture of the component at the time of declaration. Please be aware that AWS Cemgraft will use our standard resistors and capacitors, which will be equivalent or better than those detailed on your BOM, unless you instruct us otherwise. A bill of materials detailing such parts is available upon request.

Delivery Materials are on 10 working day delivery, plus 5-10 working days manufacture.

Test The above price does not include any form of test.

Tooling PCB: £200.00 (Charge from PCB manufacturer).
 Stencils: £200.00 (per surface mount side).

At AWS Cemgraft we believe in offering a quotation that is generated following a detailed analysis of your entire component and manufacturing requirements. This quotation is valid for 30 days and expressly limited to your acceptance of Cemgraft Ltd general terms of sale, which are available on request or by visiting www.cemgraft.co.uk/pdfs_zip/terms.pdf

If you have any further questions or requirements please do not hesitate to contact us.

Yours sincerely

Craig Evans
